

Non-Resident Tuition Scholarship for Students with \$4,000 University-Based Scholarships

- 1) This program is available to non-resident (for fee purposes) full-time (12 credit hours or more) undergraduate students, effective with the 1989-90 academic year.
- 2) To qualify for this scholarship, the students must have been awarded and accepted University based and controlled scholarship(s) designated for, and in at least the total amount of \$4,000.
- 3) Students reclassified as residents will forfeit this scholarship.
- 4) This scholarship is not available to students receiving Employee or Employee Dependent fee adjustments for the semester.
- 5) Freshmen with a 3.60 or higher cumulative high school GPA and a 26 or higher ACT (1170 SAT combined math and critical reading) from any state, who have received a \$4000+ U of A scholarship, will receive a board policy non-resident tuition scholarship, paying 90% of the difference between in-state and out-of-state tuition. Students with a 3.30 or higher cumulative transfer GPA, who initially enroll as transfer students, will receive a board policy non-resident tuition scholarship, paying 90% of the difference between in-state and out-of-state tuition.

New freshmen from any state with less than a 26 ACT and 3.60 GPA or new transfer students with less than a 3.30 cumulative transfer GPA (or current students who receive an award as upperclassmen) who qualify by earning University scholarships totally \$4,000 or more, will receive a board policy non-resident tuition scholarship, paying 80% of the difference between in-state and out-of-state tuition.

Current students who receive a \$4000 scholarship for the first time as upperclassmen and who do not already have a non-resident tuition scholarship will receive an 80% board policy non-resident tuition scholarship.

- 6) The scholarship will be awarded by the Academic Scholarship and Financial Aid Office when the total of University-based and controlled scholarships reaches \$4,000.
- 7) The University will not disburse cash from this award, as the award will only be applied directly to the student's Tuition account (i.e., a check will NOT be issued from this account.)
- 8) The board policy non-resident tuition scholarship for students with at least \$4,000 in University-based scholarships will be awarded in any semester in which the student qualifies.
