

IT Services Supported Software

IT Services supports software in the General Access Computing Labs, the MultiMedia Resource Center, the Student Technology Center, and on IT Services servers. Software is also available for download, by site license, or by contract. Information and locations for IT Services supported software can be found at: <http://www.uark.edu/~uarkinfo/prodsysdb/>

The University of Arkansas Site License Website at <https://www2.uark.edu/edu/uark/comp/slwl/> offers staff and faculty the ability to purchase annual software licenses online through Information Technology Services.
